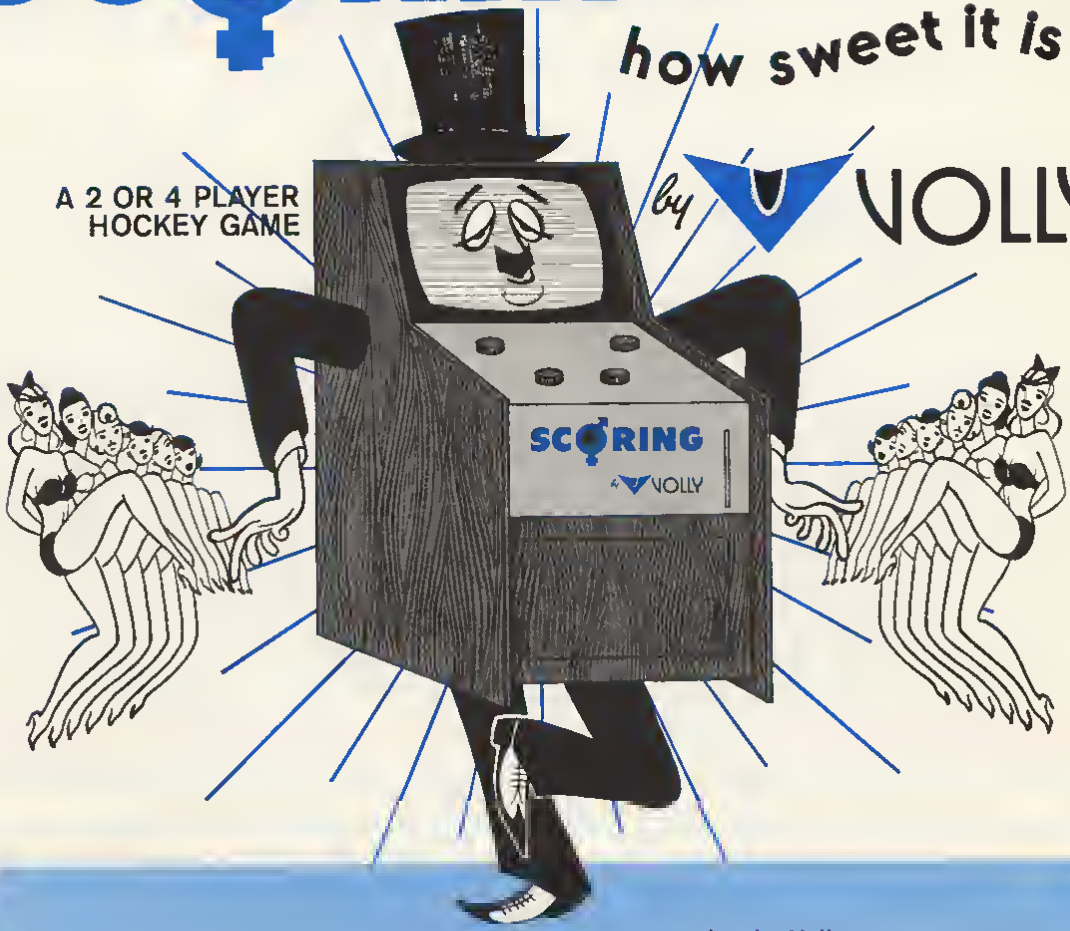
SCORING

how sweet it is !

A 2 OR 4 PLAYER
HOCKEY GAME

by VOLLY



Here it is — another innovative money maker by Volly.
It's our original and entertaining hockey game — but with a difference!

SCORING can be played in the same successful 2 Player format for 25¢ but now:

• Pop in 50¢ and SCORING turns into an exciting 4 Player hockey contest. • SCORING now features stimulating speeded-up play • A new dimension — now you can't accidentally hit the puck back into your own end. Instead, this becomes an offensive play as the puck continues through your bat to your opponent's end with a controllable deflection.

Some characteristics haven't changed. You can always expect the same quality features when you buy games made in Canada by Volly.

• C.S.A. Approval for acceptance in more locations. • A true playing game of skill that encourages continuing play • Furniture appearance for ready acceptance anywhere • Modular construction for simple, quick and inexpensive servicing.
